☞ The publishers will not hold themselves responsible for any error or errors that may occur, beyond the amount charged for the advertisement.

MR. V. B. PALMER is agent for these papers. Advertisements left with him will be inserted at the usual rates.

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

The following is from the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

[illegible] Brunswick, Nov. 1, 1850.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

Brunswick, Nov. 1, 1850.

From an Overseer in the Hamilton Mills, Lowell.

Dr. J. C. Ayer: I have used some of your Cherry Pectoral in my family for a cough, and I never found anything to equal it. I shall be happy to recommend it to others.

Yours, respectfully, B. S. ATKINSON.

☞ Read the following, and ascertain positively if we do not speak the truth when we say that no medicine ever became more popular, or performed more wonderful cures, than the CHERRY PECTORAL.

PREPARED BY J. C. AYER, Practical Chemist, Lowell, Mass.

Sold by the Agents in the following Maine towns:

Sewing by Machinery.

To Journeymen Tailors, Seamstresses, Employers, and all others interested in Sewing of any description.

SEVERAL attempts have been made to produce a Machine for Sewing, but they were not without some objections, and could be used to little advantage or profit.

SINGER & PHELPS' Celebrated Sewing Machine, invented by Isaac M. Singer, and manufactured by Singer & Phelps, No. 1 Harvard Place, Boston, Mass., is offered to the public as a perfect machine, and will be constructed and adapted to perform any kind of work, from the stitching of a ship's main-brace to a shirt or sail, as well as almost described or pictured. The machine is straight, and work prepared regularly upon it is adjustable, the machine affording room and opportunity to adjust the fabric in any way,—and the stitch may be regulated to any length, even to a mere dreadful.

The stitch made by this machine is one which will not ravel or open, and the sewing can only be taken apart by cutting every second or third stitch. From 600 to 1500 stitches per minute, according to the fabric operated upon, can be taken by the machine.

To bring this machine to perfection much labor and study have been expended, which, by the inventor and the subscribers, now offer to the public as being a perfect machine, viewing it in all its parts, and will correspond upon terms, with those who may desire information here given.

The profits arising from the use of these machines, which sews with either one or two needles, is from five to six dollars per day. The operation is not confined to the mere texture of clothing only, but may be applied to sewing every description of bags, cotton, woolen, and most kinds of leather.

This machine, with ordinary care, is warranted to run for five years without repairs, and will last many years after that time, if used as in the ordinary business of families.

There is one of these machines, which is worked by a treadle, and can be of sewing and ordinary linen, muslin or woolen fabrics in one hundred and twenty-five stitches, complete with all its appurtenances.

These machines are now ready and can be seen in operation, and they take pleasure in showing them to any one desirous to see and examine the same.

☞ Persons in Bangor and vicinity, who may wish to purchase Rights, will please call on the subscribers, at their room, in the Exchange Building, Main Street, where they can be informed as to any and all particulars.

H. A. SAFFORD, Agent for the Inventor.

SALAMANDER SAFES

No. 1 STATE STREET,

Corner of Merchant's Row,

SECURED AGAINST GUNPOWDER

—AND—

Injure Books or Papers by Dampness.

THESE are the only Safes (WILDER'S PATENT) that have in every instance preserved their contents when exposed to large fires, like the burning of the Harbinger printing office, in New York city, and many others, too numerous to mention.

The above Safes are manufactured and warranted by the subscriber, and for sale by JOHN E. WILDER, the Boston agent, and for sale at manufacturers' prices, by

FISKE & DALE.

—also—

A letter from the Superintendent of the Adams Express Company, in further proof of JOHN E. WILDER'S Safe

Bangor, Oct 21, 1849.

I purchased of you one of your Safes, which I had at the burning of the Harbinger printing office in this city. It was in the midst of the flames and ruins for more than twenty hours, and although it received some damage to the Safe very slight, although it fell from the second story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new.

Respectfully yours, J. S. EDDY

dlmis

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.

No. 22 State Street, Boston.

THE subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Section of Act of 1837.

Having relinquished the Agency for the transaction of Models, and adopted a more expeditious mode of forwarding them, to the Patent Office, *where right Patent Law is secured about as little as possible*, the confidence to forward the letter of expense—all kinds of Models, Specifications, Assignments, and Drawings for Patents, and furnish advice on legal and equitable matters respecting the same. Patents secured in Europe and other countries.

By my knowledge of the subject, inventors are saved the time and expense of a journey to Washington, and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of personally explaining their inventions, and of consulting respecting them; *matters, in general of paramount importance in order to obtain correct specifications and claims!* The experience of a twenty years' practice, in extensive collection of patents and inventions, & an intimate acquaintance with Patent Laws and Decisions, and particular facilities for obtaining information at Washington direct from the Patent Office has been established, and other with accounts have been kept of inventions attended at Washington, enable the subscriber to afford to inventors the best means of procuring Patents, assistance and information which in other respects ought to be difficult of attainment.

H. E. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.

During the time I occupied the Office of Commissioner of Patents, Mr. H. E. EDDY, Esq. of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, or more capable of securing to them, at the earliest practicable period, the patents to which they are justly entitled. I take pleasure in giving this favorable recommendation.

EDMUND BURKE,
Late Commissioner of Patents.

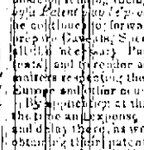
nov 2 No. 2 Smith's Block.

FOR

Coughs, Colds, Consumptions,

AND ALL AFFECTIONS OF THE LUNGS!



The VEGETABLE PULMONARY BALSAM having been tested by the experience of thousands for the last twenty years, is recommended by eminent physicians, and by the clergy, as the safest, surest, and most infallible, as superior to any other preparation.

From the Editor of the Washington Sentinel.

May 27, 1850.—The Vegetable Pulmonary Balsam prepared by Rev. Isaac Stone, of Boston, Mass., has become the most popular medicine ever put forth for the cure of Coughs, Colds and Consumption. That it is worthy of its high reputation is made manifest, not by the immensity of its yearly sales—Millions, Isaac & Co. are above crockery, depending upon the intrinsic virtues of their medicine preparations for their support. Nothing is so eventful a life as that which is unfavorable to offer the public best gratuitous tribute of our recommendation to a remedy we know to be of first merit.

As an emetic, myself and wife use it. I have for some time past been in the habit of prescribing the Vegetable Pulmonary Balsam for consumption, asthma, pleurisy, &c. in all of those, and coughs, colds, &c. in all of which it has never failed to give entire satisfaction. I do not hesitate to say that it is superior to any other preparation used for the above complaints.

Nov. 1, 1850.—Now Gentlemen, the almost any extract might be added if deemed necessary, but the proprietors feel that the virtues have become so universally well known, and its intrinsic merits generally acknowledged by physicians and others, as to make it unnecessary to offer at this time, further proof of the merits of this highly popular article.

☞ BEWARE OF COUNTERFEITS AND IMITATIONS such as CARTER'S CHEROKEE PULMONARY BALSAM, AMERICAN PULMONARY BALSAM, and others, as they are worthless. Be sure and call for the genuine, by its name, (Vegetable Pulmonary Balsam,) and see that the article is prepared by ISAAC STONE & CO. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

Prepared by REED & CUTLER, Importers and Wholesale Dealers in Medicines, Paints, Chemicals, Dye Stuffs, 33 India Street, Boston, and sold by Druggists, Apothecaries and Country Merchants generally. For particulars and recommendations, see a pamphlet accompanying each bottle.—Price 50 cents. For sale in Bangor by LADD & INGRAHAM, and by dealers everywhere.

Littell's Living Age.

E. LITTELL & CO.,

Corner of Tremont and Bromfield Streets.

THIS work is conducted in the spirit of Littell's Museum of Foreign Literature, which was favorably received by the Public for twenty years; but, as it is twice as large, and appears often, the full, entire, and spirited work is furnished at a much lower price, while thus extending its circulation among greater numbers, it is more attractive, and can be afforded to subscribers at a cheaper rate. It is the object of the Living Age to furnish the solid and substantial part of Periodical Literature, and, at the same time, to present as much of the lighter matter as may be necessary fully to satisfy the wants of the American reader.

The elaborate and able Essays of the *Edinburgh, Quarterly*, and other Reviews, and *Blackwood's* noble productions in Poetry, his keen political Contributions, highly wrought Tales, and varied descriptions of mountain Scenery, and the contributions to Literature, History, and Common Life, by the author of *Spectator*, the spirited *Dublin Journal*, the able articles of *Athenæum*, the highly illustrious *Literary Gazette*, the scientific *Chambers' Journal*, the solid and respectable *Christian Observer*, these are interwoven with the Military and Naval reminiscences of the *United Service*, and with the choicest articles of the *Dublin University*, *New Monthly*, *Fraser's*, *Tait's*, *Ainsworth's Magazine*, *Sharpe's Magazine*, and *Chambers's Journal*. In short, the Living Age does not circulate at home or abroad, through a narrow and sectarian channel, but embraces the whole country, and includes a portraiture of the busy mind in the utmost expansion of the present age.

☞ Subscribers received at the Office of this paper.

Also—Sold by G. R. SMITH & CO., Bangor.

Bangor, Dec. 1, 1850. dec 2

THE PILES!

A CURE FOR LIFE SECURED!

DR. UPHAM'S INTERNAL REMEDY FOR THE CURE OF PILES!

THE VEGETABLE PILE ELECTUARY, invented by Dr. A. Upham, a distinguished physician of New York city, is the only really successful remedy for that dangerous and distressing complaint the Piles, ever offered to the American public.

The Electuary contains no *Mineral Medicines*, as *Aloes, Colocynth, Gamboge*, or other powerful and irritating purgative. No fear of taking cold while under its influence, no change in food necessary. Diet according to digestion—one *cure for life* guaranteed.

Another certificate added to the hundreds that have already been received of the efficacy of Dr. Upham's Electuary.

New York, August 25, 1850.

Messrs. Wyatt & Hutchins—Gents: For several years past I have been troubled with piles, a very severe case of the bowels, constipation and weakness of the system. But my complaint not being so severe as to classify me from business, and I considered it had of physicians and patent medicines, that until this Spring I never found any medicine supplied to apply, since to relief. The Piles being then so severe, that it allowed several operations to be performed, without anything left. Determined to try other means, I read an advertisement of a cure guaranteed by the use of Dr. Upham's Electuary, purchased three boxes myself, and from the use of which I found myself entirely cured of the Piles and other ills which I suffered from proved. I remain sire, your much satisfied friend.

The writer of the above is a relative of mine, and I believe having had the opportunity to refer to him, I can confidently recommend to those who may require the aid of a physician.

Another letter in relation to the efficacy of Dr. Upham's Electuary.

Baltimore, Md., Dec. 9, 1850.

Dr. Upham—Dear Sir: Almost two years ago I was afflicted with what was called the Piles. I have suffered with it ever since, and physicians have told me that my liver was affected, and nothing but a wet communicate), for blood and put attended with a great many natural smell and [illegible] I have used almost a box of your Electuary, and [illegible] I am happy to say that I am entirely cured. Many citizens in [illegible] of my case, but suffered more intensely than I can describe. While there is any relief offered to earn me [illegible] in three months [illegible] consequently [illegible] purchase of your [illegible] I will be glad to [illegible] Respectfully yours, BENJAMIN PERKINS, No. 20 South Eutaw St.

For sale in Bangor by LADD & INGRAHAM, Dow's Block, Hammond Street.

CURE FOR LUNG COMPLAINTS.

DOWNS' ELIXIR

Is a most effectual remedy for Lung and Liver Complaints. It cures Coughs, Whooping Coughs, Croup, Asthma, Bleeding at the Lungs, Bronchitis, Affections, Spitting of blood, Pain in the breast, stomach, and Liver Complaints. It has cured many cases of what was believed to be confirmed Consumption.

It is highly concentrated, and will last a year. 50 cents and $1 per bottle.

A large number of certificates of the good effects of this Compound have been received, and we are constantly receiving new ones, but they are crowded out by more recent communications.

Sold by Druggists and dealers in medicine generally.

CURE FOR WHOOPING COUGH.

DOWNS' ELIXIR

Is a very desirable medicine to use in this complaint, and probably breaks up the cough sooner certainly than any other known remedy.

It loosens the cough, and enables the patient to raise easily and freely, thus saving the labor of hard coughing.

If you have the Whooping Cough, or if YOUR CHILDREN KEEP YOU AWAKE NIGHTS with their coughing, beware and use DOWNS' ELIXIR, and you will find it all we recommend it.

Sold by Druggists and dealers in medicine generally.

Cure for Rheumatic Affections.

The Cramp and Pain Killer!

Prepared by Curtis & Perkins, is a short and efficient remedy for Rheumatic Affections, pain in the side, back or stomach, headache, toothache, earache, sudden chills, cramp in the stomach, cramp in the limbs, wounds, bruises, cuts, burns, chilblains, frozen limbs, and all other inflammatory complaints.

The Cramp and Pain Killer is also an excellent article for DYSENTERY and BOWEL COMPLAINTS! It immediately checks all Diarrhœa, restores tone and regularity to the stomach and bowels and *does not leave the patient costive*, as is usually the case after such an attack.

☞ Is an excellent HORSE AND OX LINIMENT.

Sold by Druggists and dealers in medicine generally, in three sized bottles, at 12½, 25 and 37½ cents a bottle.

Worms! Worms!! Worms!!!

Thousands of Children die annually in consequence of Worms. Indeed, grown persons often suffer severely from the same cause. We have a preparation to offer which is a sure remedy for all this suffering.

THE

American Vermifuge,

Prepared by Curtis & Perkins, is a *sure extermina*tor of WORMS in children or adults.

It is pleasant in the taste and safe in all its operations. It does not contain mercury or any other poison, and as it is pleasant in the taste, children will take it readily, and without the unpleasant effects produced by other kinds of Vermifuge.

☞ The receipt for this Vermifuge was procured from one of the most celebrated physicians in New York, and extensively proved through a long and successful practice; and we can refer to numerous instances where it has produced large evacuations of Worms, after all the other Vermifuges had been tried without any good effect.

Remember, it is always *safe and sure*, and sold for 25 cents a bottle by Druggists and dealers in medicine generally.

Whig and Courier.

John S. Sayward, Editor.

FRIDAY, JANUARY 31, 1851.

A Movement.

We learn, that a company of New York capitalists, already interested to some extent in water power and mills in Orono, have recently purchased the large Read farm and several other parcels of real estate in the vicinity for the purpose of setting in motion a manufacturing interest, below the Basin Mills. The sales are genuine and payment has been made satisfactory to those who have sold, indicating ability and confidence on the part of the purchasers.

We should not be surprised at quite a number of similar enterprises, in this vicinity. Once few places in New England offer so many advantages for so small an outlay of capital. Land, water power, building materials and labor are much cheaper here than almost any where else in New England and with appropriate legislation to encourage the industry of the country, there can be no doubt that a large manufacturing interest will grow up on the Penobscot waters.

The farms which have been purchased in Orono are valuable in themselves, and with a large manufacturing interest in the vicinity, will be much needed for the purpose of building upon handsome village.

☞ One of the singularly queer things of our times, is a correspondence recently opened between the British Government by its Consul for the Carolinas and the Sovereign State of South Carolina by its Governor, touching the subject of the local laws of that State relative to the imprisonment of colored seamen.

The British Consul tells the Governor of South Carolina that she is interested in the sale of rice and cotton in the English markets; but that in order to maintain this advantage there must be perfect reciprocity; and in order to this, he indulges the hope that the Legislature of South Carolina will see fit to abrogate or amend such portion of the law as applies to the subjects of foreign powers.

Gov. Means replies that the laws were passed for the safety of the institutions of the State, and not with a view of imposing any unnecessary restraint upon the seamen claiming the protection of the flag of any friendly power. He further says that he will lay the subject before the Legislature forthwith.

There seems a better disposition to investigate this matter than when the agents of Massachusetts attempted to test the constitutionality of the law; and probably the law will be repealed.

It strikes one as very singular and somewhat absurd that a correspondence of this nature should be held between Great Britain and a single State of the Union on a matter of treaty stipulation. We believe, however, that there was something pretty near like this on some of the Northeastern Boundary questions.

Importance to Shippers.

The New Orleans Board of Underwriters have passed the following important resolution:

"Whereas some vessels from eastern ports in the United States, and especially from Boston, carry many tons of stone, and other heavy property on the decks, which cause the decks to open and leak, and thereby damaging the cargoes, without arising from bad weather or the perils of the sea; therefore, be it

Resolved, That from and after the first day of February, 1851, no cargo will be considered as insured by the companies and agencies composing this board, subject to partial loss or particular average, by any vessel which carries stone or heavy deck loads from any port in the United States to New Orleans."

Puff-Balls for Wounds.

A writer who signs himself M. D. C., states that the common puff-ball is perhaps the best possible application for a fresh cut or bleeding wound. Close the wound quickly as possible, break open the puff-ball and apply it directly, tieing it on; it will stop the bleeding almost instantaneously, protect the wound like a cushion, so that you can scarcely wet or hurt it; and if the wound is not severe, you have only to let it alone, and it will do well, almost before you are aware of it.

Mr. J. Perham, of the Seven Mile Mirror, Boston, has effected arrangements for an excursion party to Washington, to be introduced to the President, visit the capitol, patent office, and all the points of interest in the city, with the privilege of returning any time within 20 days; the whole expense of the trip, goingand coming, being put on eighteen dollars. The party will leave Boston on or about the tenth of February.

☞ The friends of Rev. Mr. Weaver propose to give him a social call and donation visit at his house on Tuesday evening next. Mr. Weaver is an excellent man, a devoted shepherd of a small flock, deeply interested in whatever concerns the welfare and honor of the city, and as he is not over-burthened with the goods and chattels of the world's commerce we trust he may receive substantial tokens from numerous citizens. We beg of our friends not to forget.

☞ Richard K. Cralle, Esq., of Lynchburg, Va., has arrived at New York, with the intention of carrying through the press the great work of the late Mr Calhoun, on the Constitution of the United States, towards the publication and distribution of which throughout that State, South Carolina has appropriated $10,000. It is said that Mr Cralle will also publish, as early as possible, the life and writings of Mr. Calhoun, in a series of six or seven handsome volumes.

☞ The New York Herald states that a petition of the Philadelphia Mechanics to the government has passed, an order to be given for the outfit of the war steamer Susquehannah, to go direct to London. This vessel is one of the most beautiful war steamers afloat, and will compare favorably with the best in the British service.

☞ A correspondent insures us that the early-haired, or no haired, California horse mentioned by the Lewiston Falls Journal as being in that village, is all correct. Perhaps so; but more likely it is the same one that Col. Benton snuffled and blew up as a humbug. Guess that Scott we don't want, as believe anything about horses too easily.

The "monster" Boss of the New York Sun will probably soon loose twenty-five thousand dollars—an item rather thousand-fold in the pockets of this money, penny, ye farthing depends, and to greatly public corporations.

No, Dogs Can't Reason.

Why? Because if they could, that ungrateful canine villain, who so pitifully and prayerfully entered the apothecary's shop in this city a few evenings since, and, who was so handsomely treated and relieved of some forty or fifty porcupine quills which were deeply thrust into every part of his proboscis and inside of the mouth, would never, after seeming, for weeks two days, by every appearance of gratitude, to swear a life-long friendship, have cut those friends who took him in a stranger, saved his life and fed him, to slink away like a thief, make new friends, and be kicked about on all occasions, but which has been the way with many a dog I've met before. No, dogs can't reason, no-how.

☞ A man was complaining very bitterly, the other day since, in one of the cities of Maine, because the daily papers were not large enough; did not contain more matter. He declared that he did not subscribe for one of them and would not, if there was not. The reason for his complaint not being larger, coolly replied his neighbor, was the paper the man had paid for years.

☞ It is estimated that the annual cost of intemperance in, in France $200,000,000; Great Britain, $100,000,000; in Sweden $60,000,000, and in the United States $100,000,000, and all this in addition to the cost of prisons, police, asylums, workhouses, &c., which are rendered necessary by intoxicating drinks.

☞ The subscription required to establish the steam line between Philadelphia and Liverpool says the North American, has been obtained. The line will consist of four steamers, which when completed, will constitute a semi-monthly communication between the two cities.

☞ A Bank is about to be established in New York, under the general Banking Laws, with a capital of $2,000,000, one of whose objects will be to compel the redemption of the country bank notes at par, after the manner of the Suffolk Bank in Boston.

☞ A California correspondent of the Lowell Courier says that when California shall be called upon to show her loyalty a State of Kentucky section, she will take her stand as one of the strongest pro-Slave States in the Union.

☞ Mr Wyeth, the distinguished ice merchant of Cambridge, commenced cutting for the Fresh Pond, Monday last, and so perfect is his machinery used for the purpose, that he has dug and stored two thousand tons each day since.

☞ Improvements Pertain to modern Days. In the New York Legislature, last week, a proposition was submitted to exempt printers with nine children" from taxation. A similar specimen of the craft has inquired whether that includes Satan for their support.

☞ Our physical constitutions bend to very elastic to bear with impunity the changes in temperature we are sometimes called to endure. On Tuesday morning the thermometer stood at 10 below zero, Wednesday morning 60 above, and Thursday morning 6 below.

An locomotive engine has been lately manufactured at the works of the great Northern Company, at Boston, Portland, which is warranted to run the distance from Boston to London (108 miles) with six carriages and two breaks, in a usual express train, in one hour and a half.

It is said that Hartwig Von Blucher, a German naturalist, has introduced a beautiful roller in Siberia which being passed over the land, buries the weeds and furbishes in the same excellent manner.

☞ Ice is stated that Collins, Brown, and other parties connected with American steamers, are now in Washington, asking further appropriations by Government in aid of the line. If the same is not granted it is thought that the enterprise must fall through.

☞ A destructive fire occurred in a chair factory at Baltimore on Wednesday last. Loss $20,000, mostly covered by insurance in the Troy N. Y. and Hartford Coan. Companies.

Pithoria—An exchange says this word signifies, in its common use, friend. Nay's forsooth! It is a Greek and Latin compound, and literally interpreted signifies—I love the rain.

The negro leader of the gang who made the recent robbery of gold on the Isthmus, has been condemned to be shot. The other robbers arrested, Chilians, are to be continued in the chain gang for life.

The property of Niles, the lawyer, who was convicted of swindling and sentenced to the penitentiary, has been sequestrated for the benefit of his creditors. He is said to have been worth one hundred thousand dollars.

Prof. Charles B. Haddock, of Dartmouth College, has been presented with a handsome silver pitcher by the senior class of that institution, as a testimony of their high esteem for him.

G. P. R. James, Esq., has received from the Messrs. Harper, Publishers, $1000 for the first edition of his new story entitled Henry Smeaton." The book is copyrighted.

☞ The Houston (Texas) Telegraph thinks the treaty with the Camanches will not be carried out by them.

☞ A letter received in this city from one of our citizens in California, states that Mr. Gustavus Martin of Ellsworth, died of fever at Rogue's River on the Umpqua on the 8th December.

☞ The Maryland Convention have reported in favor of abolishing imprisonment for debt.

☞ It is reported that Col. Fremont will not resume his seat in the Senate during the present session.

☞ The weather here is clear and cold, and ringing sound can almost be said here.

An undertaker, in burying one of the great men of pittsburgh noticed a lively Head.

Money, Trade and Commerce.

New Bedford, Oil Market, Jan. 27th, (for week.) Sperm—The market remains without particular change; we notice a sale of a parcel of 500 bbls this week at about 42c ₱ gal; in Boston sales of about 600 bbls were made, delivered in N. Bedford, at 43c ₱ gal. Whale continues in active demand, and the sales of the week embrace upwards of 7600 bbls for export and home use at prices ranging from 39 to 43c ₱ gal, five notable sales of cargoes of 1350 bbls South Sea, at 39a40c, 2300 N W Coast, understood to be at a fraction below 40c; 300 bbls from store reported at 42c, 200 bbls South Sea at 39c, and 375 bbls bandonne N W Coast, supposed at 43c—leaving only about 2000 bbls in the market. Whalebone—Sales of 15,000 lb Polar at 56c.

New York Markets.

Jan 23

Flour—The market for Western and State opened heavy, with only a moderate demand for the East and city trade; Canadian firm; sales 4,000 bbls at straight State at 4 75@4 87, Michigan at $4 62½@4 75, pure Genesee 5 00@5 12½. Southern, sales of 150 bbls at 5 06@5 12½, a prime lot at 5 25@5 62½. Rye Flour scarce and firmer at $3 87½. Corn Meal—there is a fair demand at 3 00 for Jersey, and 3 25@3 31½ for Brandywine. Grain—market for Wheat is heavy, with only a moderate milling demand; Long Island at 1 00@1 07c for red and white. Rye—dull and nominal at 72@80c. Corn—plenty, sales 2500 bush new Southern at 58@59c. Oats—market heavy, with small sales of Jersey at 45@47½ and 47@49c for Northern. Cotton—market dull and heavy—Freights—New York, sales of old mess and prime at $12 12½@13 25, new mess 13 50, and clear at $16—Beef quiet, trading sales at 8 25@9 50 for mess, 5 00@6 00 for prime. Beef Hams firm at 16. Dressed Hogs at 6c@7c. Pickled Meats, sales of extra Shoulders to arrive at 6c. Lard, sales prime old at 8 cents.

Jan 25th

The following is the amount of balances transacted at the Sub-Treasury and Broker's Second Board to-day:

Received	$ 170,713 99
Payments	156,728 64
Balance	3 633,0 6 81

Sales at the Broker's Second Board—50 shards Norwich and Worcester RR 67½; 100 do do 68, 200 Reading RR 66¾, b 30, 100 do Long Island RR 21½; 100 do do 21½.

Boston Market—Jan 29.

In aspect of the Money market remains favorable. There is but moderate inquiry on paper, and supply is ample. The street rate on collateral loans cannot be quoted at less than 7@8 per cent—but the capital finds active employment in speculative operations going on the stock market.

Flour and Grain—The market continues quite dull for Flour, small sales of common brands St Louis, Ohio and Michigan at 4 87, fancy brands 5 00@5 12½, and fancy and extra Genesee at 5 75@6 25 per bbl. Southern is dull at 5 44@5 75, cash. Corn is in moderate demand at 66c for Yellow, and 65c Northern Oats bring 33c ₱ bush.

Provisions—Sales of mess Pork at $12 87½@13 for old, and 13 50 for new, and small lots of prime clear at 13 25@13 50 ₱ bbl. Mess Beef sells at 9 50@10 50 ₱ bbl, 4 mos. Lard is firm at 8c for tierces, and 8½@9c ₱ lb, cash and 4 mos.

Molasses—The market is very quiet, and sales only in small lots at 24@26c for new crop Cuba, 6 mos.

Cotton—The demand is only for small lots, with no change in prices.

Jan. 25th.

91 shares Eastern Railroad 104½.
7 do Boston and Maine Railroad 106½.
Jan. 27th.
30 shares Eastern Railroad 104½.

New Orleans, Jan 15. There is very little doing in the foreign freight market, several parcels of Cotton have been shipped for Liverpool and Havre in vessels on the berth at our quoted rates, and we notice the following new engagements: a British ship from Liverpool at 3/16 for Cotton, one for Cadiz at 3/4 for Cotton, and a Bremen ship for London at 3/6 for Tobacco. Coastwise freights have further improved. Brick having been shipped to Boston at 7/6, and House at 6/@6 ₱ bbl, rates generally are firm; with Baltimore an upward tendency. To Liverpool 5/@5/3, to Havre 5/; to New York 2/6@3/; to Boston 2/@2/6.

Havana, Jan. 18. Sugar—arriving freely, but prices continue high to warrant shipments to the United States. Molasses—plenty, at 2 rls per keg at sugar-houses, and 2½ here. Coffee—first quality 9@9½, 2d do 8½@9. Provisions—In fair demand and prices steady. Western parcels stored and unsaleable, bone shocks dull of sale at 4@6½ rs, on the levee. Boards—Eastern, 5@5½ $ M, in demand. Freights—Sugar to the United States, one, Molasses, 2 ₱hhd, $2 50. Exchange—New York and Boston, 3@3½ per cent dis.

Apalachicola, Jan. 10. The rates of freights to both foreign and domestic ports remain unchanged; during the week the tonnage in port has been considerably increased, and the rates are not quite so firm, but we have heard of no engagements below our quotations. To Liverpool Cotton 3d to Havre, to New York for Boston, to, and Providence no engagement.

Liverpool.—Freights to the northern ports are well supported, and show a tendency to advance, especially to New York. Passengers also offer more freely, and rates are somewhat better. To New York we quote 1½ 6d to 1 15s ₱ ton, 40 feet; weights, 15s@25s, fine goods, 2½; cloth, hardware, 12s 6d@15s; earthenware, 10; Boston—dead weights, 12s 6d@25s, fine goods, 2½, hardware, 20; cast iron ware, 6d; Philadelphia—dead weights, 10s@12s 6d, bulky weight, 17s 6d, fine goods, 2½, hardware, 20; earthenware, 10s@12s 6d. New Orleans—dead weight, 10s@12s 6d, fine goods, 17s 6d; hardware, 15s; earthenware, 6s @ ton.

London, Jan. 10. There has been an active demand for American State Stocks during the week, and we quote as follows:

	Redeemable	Dividends
U S 6 per cent Bonds 1853	Jan and July	92 @ 93
Do 6 per cent " 1862		102@103
Do 6 per cent " 1868		100@101
New York State 6 per cent Stock 1865-68		106@106
New York State 6 per cent 1856-60	quarterly	106@106
Boston City 6 per cent 1858-62	April & Oct	103@103½
Penn's 5 per cent Stock	Feb and Aug	85@85½
Maryland 5 per cent Bds 1852	April & Oct	85@85½
Maryland 5 per cent Stock	Jan and July	85@86
Canada 6 per cents 1873	Feb and Aug	100@100

The Share market in the early part of the week was languid, and prices receded, latterly a better feeling prevailed, and we note a general rise in the value of most descriptions of stocks and shares.

Railroad Time. The following fact, which is stated in the annual report of Prof. Sparks to the Overseers of Harvard College, is new to us and will doubtless be to a majority of our readers:

"Special attention has been given [at the Cambridge observatory] to the accurate adjustment of time-keepers by observing the transits of stars over the meridian, aided by long experience of the Director in this branch of mechanism. By a specific arrangement made for the purpose, the motion of every railroad car on the Commonwealth, is regulated by time at the observatory. The vast benefit thus conferred on the public will be at once recognized, when it is considered how often human life depends on the accuracy and uniformity of time by which all the movements on the railroads are directed."

Senator from California.—The Washington Union, Jan. 28, says: Letters from California state that Mr Wetherell, formerly of Baltimore, will most probably be chosen U. S. Senator.

The Republic is defending the Collins steamers in an able editorial.

A portion of the friends of the tariff men held a night, and a draft of the bill, submitted, similar to what has been previously announced. The bill will be pressed upon the attention of Congress at the earliest possible moment.

In Rochester, N. H., Jan. 14, Mr. James Chesley, aged 101 years, formerly of, this city. He was born Jan. 25th, 1750. His health has generally been good—he retained his faculties to the last to a remarkable degree, except having been blind for the last eight years. He had 18 children—four sons and five daughters are now living, ranging from all over 80 years of age. The youngest is Mrs. Hunton, the present matron of the Penacook Hotel in this city.

RANTOUL ELECTED SENATOR.

Boston, Jan. 30.

Rantoul has been elected U. S. Senator, he having 187 votes. Whole number of votes cast, 372—necessary to a choice, 187. Winthrop had 172—balance scattering. There was one blank vote thrown, and a motion was made to include it in the count, pending which the House adjourned. If allowed, there must be another ballot.

ELECTION OF SENATOR IN RHODE ISLAND.

Charles T. James, democrat, just elected Senator from Rhode Island for 6 years. On the eighth ballot the vote stood, whole number 99, necessary to a choice, 50. James 50, Whipple 20, Simmons 20, Bosworth 9, scattering 1.

AWFUL STEAMBOAT ACCIDENT!

Over One Hundred Lives Lost!!!

Steamer John Adams from New Orleans for Cincinnati, sunk yesterday near Greenville. In five minutes afterwards the cabin parted from her hull and broke in two. All deck passengers, numbering over one hundred lost. Also deck hands and firemen, excepting two. None of the cabin passengers lost, though they did not succeed in saving any baggage.

Calais, Jan. 30, 7 P. M.

A shock of an earthquake was felt throughout Calais at half past five o'clock this P. M., producing a rumbling and rattling sound, which lasted about fifty seconds.

Mr. S. Myrick, the attentive, courteous, and efficient assistant in the United States Hotel in this city for some time past, is about leaving for a situation in the American House, Boston. The boarders have presented to him a massive gold chain, as a token of their esteem. His departure will be a loss to the hotel, but Woodward still remains at his post, having an eye to everything—and reminding A. No. 1 honoring landlords. And speaking of hotels, we will just mention that Adams, the new landlord at the Elm, is keeping that house in first rate style, to the entire satisfaction of his numerous guests.—[Portland News.

Probable Cause for Gunpowder Explosions. M. Dondet, a French chemist, in a communication to the "Journal de Pharmacie," gives the following formula for a dilapitory:

"Take of sulphuret of sodium, or hydrosulphate of soda, chrystallized, 3 parts; starch, 10; quicklime in powder, 10 parts; mix. This mixed with a little water, and applied over the skin, acts so rapidly as a dilatory, that it is to be removed in a minute or two after its application, by means of a wooden knife, the surface of the skin will be entirely deprived of hair. By this process, the removal of the hair becomes so simple, rapid and safe in operation, that it will probably supersede the use of the razor in many cases. It may be applied to parts the most delicate, as well as irregular, and to surfaces either limited or extended, and it is only after several days that the hair begins to re-appear."

Inconvenient Hats. A plain merchant meeting one of his own fraternity the other day, whose polly pated hat he considered as a beautiful specimen of an *equine* skeleton, remonstrated with the owner, and asked him if he ever fed him. "Ever fed him! Come, now, that's a good 'un" was the reply "she's got a bushel and a half o' oats at home now, *only she aint got no time to eat 'em.*"

Precipitation spoils the best conceited plan; perseverance brings the most difficult, when it is practicable, to a successful result. The hinder of haste is characteristic of a weak mind that has not the command of its thoughts; a scrupulous mind, master of itself, possesses the calmness and prescience of reflection.

A lady of rank complaining that her husband was dead to fashionable amusements, he replied, "But then, my dear, you make one alive to the expense."

If you wish to get rich, get married. When was ever honey made with one bee in the hive?

No man has ever regretted that he was virtuous and honest in his youth, and kept aloof from idleness.

DONATION VISIT.

The Free Will Baptist Society of this city would respectfully inform their friends that it is their purpose to make their pastor Rev. Mr. Weaver, a donation visit at his residence on York Street, on Monday evening, Feb. 3d, when they would extend an invitation to all who may be disposed to favor them in their generous act, to be present and participate with them on the occasion.

Per Order.

Bangor, Jan. 29th, 1851.

TO THE LADIES OF BANGOR.

Wishing to acquaint them of the knowledge of Vocal Music taught at Temperance Hall, Corner of Exchange and Main Streets.

MRS. H. P. DREW, recently from Providence, announces that she will commence her first course of lessons on Monday next, which she intends will be perfect in the development of the voice on scientific principles. Mrs. D. has received a thorough musical education from Prof. Webb, and having had several years experience in teaching with success, feels confident of her ability to give satisfaction. For further particulars call on Mrs. D. at the house of Thomas Drew Harlow Street.

☞ Nine-tenths of the hundred persons of the first respectability, and among them one of the best medical practitioners in this county, have certified to facts from their own experience and knowledge, which prove beyond a doubt, that for cases of General Debility and Indigestion giving rise to Sick Headache, in its various parts of the body, and other Nervous Disturbances, which being often misunderstood lead to the most fatal results, Holden's Extract of Sarsaparilla is the only remedy so generally indicated as HOLDEN'S ALTERATIVE AND TONIC MIXTURE.

Should auld acquaintance be forgot,
And never brought to mind,
Should auld acquaintance be forgot,
When Oyster-wise inclined,
When Oyster-wise inclined, my dear,
When Oyster-wise inclined,
And FARNSWORTH be kept Pop Deaf
When Oyster-wise inclined.—*Burns.*

APPEARANCES ARE EVERYTHING.—This proverb includes a general truth. Appearance recommends itself, especially as it is seen in the proper adornment of the person. The hair and complexion, under good treatment, contribute much to enhance the estimation in which an individual is held, and the article best calculated for usefulness and adornment is Burke's Hyperion Fluid for the hair, and his Hyperion for the skin. Sold by the inventor, William Burke, at 277 Washington St. Boston.

For sale in Bangor by LADD & INGRAHAM and SARGENT & EMERSON.

jan 25—3iaw

Parker's Mountain Compound, for the Hair, far surpasses any other compound for the ladies' Toilet. Its possesses qualities to never before. Combined in California Gold. Its high reputation, both from a established its reputation as the only sure remedy for all ing Dandruff, &c. Its unbecoming and injurious, has brought forth numerous spurious nostrums, made almost entirely of Alcohol, which are hot and aggravating to the cause of baldness, and very injurious. Beware of these quackeries!!

The Mountain Compound is sought after by the elite and fashionable in all the principal cities of the Union, and is regarded the most successful article for giving a real beauty, moisture, and fullness to the texture of the hair, ever invented.

Ladies and Gentlemen, try it. For sale by LADD & INGRAHAM, and A. P. QUILD, and Druggists in Bangor.

jan 27 d&w3m

BY THE LAST MAIL.

☞ The bark Carlos, of Boston, on Tuesday morning, thick and rainy weather, struck Egg Rock, near Boston Light, and went to pieces. Her cargo, cotton, hides, molasses and merchandize from Galveston, was insured for upwards of $40,000. The vessel was insured for nearly her value.

Loss of an Express. A box, containing five thousand dollars in specie, was robbed from Adams & Co's Expression Tuesday night, between Philadelphia and Baltimore. The loss was discovered on the arrival of the cars at the latter place.

☞ A murder was committed in Wallaboro' on Thursday night, the 23d inst., at a place called Dutch Neck, about four miles from the village of Wallaboro'. The name of the murdered man is Jacob Woltz. His brother, James Woltz, and Andrew Greco are to be tried for the offence.

Congress.

Washington, Jan. 29.

In the Senate, Mr. Hale presented petitions from Pennsylvania and New Hampshire praying the repeal of the Fugitive Slave Law, and all other laws encouraging and supporting slavery, laid on the table.

Mr. Clay presented a petition from the clerks in the Louisville post office, and Mr. Smith also presented a petition from the clerks in the Philadelphia post office, asking an increase of compensation. Other petitions and reports on private bills were presented.

Mr. Rusk reported back the bill reducing the rates of postage, and asked that it be taken up in order to have it fixed for some day. Mr. Clemens objected, and the bill goes on the calendar.

The bill for the relief of the Virginia Woollen Company, restoring the amount of capital for failure of contract, was taken up, debated and postponed.

The bill to ascertain private land claims was taken up and debated until the adjournment.

The Postage Bill.—The Senate committee report amendments to the Postage bill—fixing rates of pre-paid half ounce letters, at three cents; and five cents for half ounce letters, not prepaid. Postmaster's compensation not to exceed the amount of their salary for the year ending June 30, 1851. The provisions exempting Newspapers from postage for 30 miles and reduction of 50 per cent of postage on Magazines, at prepaid, is stricken out. They also strike out the provision taking away the right of exchange from these papers for publishers and editors.

House.—The Speaker announced the pending question to be the motion of Mr Julian, made yesterday, to reconsider the vote by which the House referred to the Committee of the whole on the state of the Union, the Bill reported from the Committee on Agriculture, to give farms free of charge to landless persons on certain conditions.

Mr Julian of Indiana, proceeded to address the House, and advocated the policy of giving land to actual settlers. He stated the general benefit which would accrue from it. The subject, by general consent, was passed over, and the Committee on Indian affairs reported several private bills.

The House then went into Committee on the Deficiency Bill,—the chairman, Mr. Mead, stated that the pending question was the amendment offered by Mr Strong yesterday. He pronounced it out of order, and I was sustained.

Mr. Sackett offered an amendment to the first section of Mr. Strong's amendment, which the Chairman decided out of order. Mr Schenck offered an amendment, being Strong's last amendment, with an explanation for certain rivers and harbors. The Chairman decided it out of order, as contrary to one of the rules. Mr. Schenck appealed, and the Chair was sustained—ayes 103, noes 70.

Several amendments were made to the Deficiency Bill, when the Committee rose, and under the operation of the previous question the amendments were concurred in and the bill passed.

Beans Lost.

SOMETIME about the first of November two barrels of beans, marked H. A. B. Butters, Haverhill, Mass., were left by the cars upon the wharf near the steamboats of Capt. Esq., to go on board a vessel. Since then nothing has been heard of them, and whoever will give any information regarding them to SAMUEL H. BOARDMAN, shall be well paid.

THE Great American Remedy

FOR Colds, Coughs, Asthma, Whooping Cough, Croup, and all Diseases of the Chest and Lungs, has now been so long before the public, and its reputation so well established, both from recommendations of Physicians, and from the invariable testimony of its infallible virtues, by all who have used it, *that its sale is becoming immense,* and it must very soon supercede the use of every other article issued for the same and kindred complaints. As a family medicine, it can never be outdone. In double the usual dose, it almost invariably vomits the child in the first stages of croup, and relieves and quiets it immediately. For quite a number of years it has been the favorite and universal remedy in all the cases named, of one of the most celebrated and skilful Physicians.

Sold wholesale and retail by R. K. HARDY, at No. 3 Harlow's Block, Bangor; and by Druggists generally throughout the country. All orders will be promptly attended to. nov 15

IN QUART BOTTLES.

For Purifying the Blood, and [illegible] Cure [illegible] SCROFULA, MERCURIAL DISEASES, CUTANEOUS ERUPTIONS, BOILS, ULCERS, LIVER COMPLAINT, DYSPEPSIA, BRONCHITIS, RHEUMATISM, CONSUMPTION, SORES, SCALD HEAD, ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, GENERAL DEBILITY, &c.

This preparation we have all the restorative properties of the root, combined in their utmost strength and efficacy. Experiments were made in the month of March, 1846, and it was found in cases of Scrofula, Liver Diseases, Salt Rheum, Ulcerations of the Vital Powers, and all diseases originating from an impure state of the blood, to be a powerful remedy. It is a tonic, but at the same time a gentle purgative, and will be found to operate on the bowels, and clear the system of all impurities, no anodyne, no opium, no mercury will be given to it. It may be attacked in the fluids of the body, which convey the nutriment to the various tissues, where it is developed in the circulation, and the bowels, and clears away all obstructions, ulcers, tumors, abscesses, glandular swellings, &c. in the system, no matter where they may be.

Other remedies may be searched, and upon, purified by some powerful agent. Such an agent is found in SARSAPARILLA, which gently stimulates the stomach and bowels, and expels from the stomach and bowels all that is irritating, and at the same time invigorates and tones the whole system. Its great merit is that it cleanses and vitalizes the active principles of the blood itself, and when that is done, the health is completely restored. The rapidity with which the system becomes healthy and strengthened by this triple fold dose is surprising. Each new case in which it is applied further proves to the world a new certificate of its excellence, and we have only to point to the astonishing cures it has effected in this city, to convince incredulity itself of its efficacy.

Lieut. Miller of the Army has kindly sent us the following letter from California:—

MONTEREY, Jan. 28, 1850.

Messrs. A. B. & D. Sandar Gentlemen:—I feel bound to add my testimony in favor of your invaluable medicine, trying it may lead some other unfortunate being to try its effects, and thus their sufferings be benefited as I have been.

I arrived here from the United States by the overland route, about [illegible] ago, after I was attacked with a very disagreeable eruption of the skin, which my physician could not cure. I happened to find your Sarsaparilla in a store here, remembering the popularity of the medicine at home, I purchased a bottle, which had the desired effect of restoring me to health entirely.

With high regards, Yours &c.

H. MILLER, U. S. A.

FROM THE STATE OF MAINE.

The attention of the reader is called to the following certificate of a remarkable cure effected by using only four bottles of Sands Sarsaparilla:

Sidney, (Kennebec) April 16, 1850.

Messrs. A. B. & D. Sands—Gentlemen:—This is to certify that the subscriber, of Sidney, in the county of Kennebec, State of Maine, has been afflicted more or less over a long term of years with a Scrofula, which continued to increase until last February, to that degree, my legs were so swollen I could not get on a boot or stocking, and I had several large sores on me all the time. In this situation, I was about to give up in despair, when I was advised to try Sands's Sarsaparilla. I had not much faith in it, but I resolved to get some in Augusta, Me and procured a bottle, which did me so much good I sent and got another, and continued until I had taken five bottles. I am now perfectly well! any person who may read this letter is afflicted with any disease of Scrofula, I would most sincerely recommend to them to try Sands's Sarsaparilla. If any person desires further information, I will cheerfully answer any letter addressed to me about my case, by calling upon me I can also show them the healing power of the medicine.

Signed, STEPHEN C. HAYWOOD.

Augusta, April 15, 1850.

I do certify that the above statement of Stephen C. Haywood, is true in every particular.

Signed, DILLINGHAM HEWETT.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton St. corner of William, New York. Sold by Druggists generally throughout the United States and Canada. For sale in Bangor by LADD & INGRAHAM.

ELEGANT AND INVALUABLE Articles for the Toilet

Bogle's Hyperion Fluid.

For Restoring, Preserving, and Embellishing the HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most prominent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

Boston, Feb 15, 1847.

Mr. Wm. Bogle,—Sir: The preparation invented by you for the hair has been extensively used in my family, and I take pleasure in saying that it is superior to all other compositions of the kind. It imparts ease and beautiful tone to the hair, and leaves the skin of the head healthy, and perfectly free from dandruff and scurf. In fact, it is, in my opinion, the most valuable preparation extant for the hair, which I am at liberty to say from my own personal knowledge.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin expanding of the hair, free from dandruff and scurf. For children, it is very good, producing a good head of hair in a short time.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different from and superior to anything yet used for shaving. This is one of the discoveries from the forests, or vegetable productions of California, and is used by the natives of that country for washing; and from its peculiar property of kali, so fruitful to the skin, is invaluable. Its vegetable and detergent properties have the purest and most nourishing effects on the skin. It soothes and allays irritation, and has a fine, thick, creamy lather, which will not dry on the face. It is a decided luxury to be shaved with it. Inexpensive, too. It is done up in an elegant style, calculated either for the [illegible] or ready traveller, or the toilet of the most fastidious connoisseur.

Bogle's Hebeaion,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate and blooming. It is equally efficacious in protecting the skin from the hot sunn of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are warranted superior to anything yet invented; but if not found to prove so on trial, the money in all cases will be refunded by my Agents.

WILLIAM BOGLE, Proprietor,

227 Washington St., Boston, Mass.

BRANDRETH'S PURIFYING EXTRACT

Is now put up in QUART BOTTLES, in the same medical strength and efficacy as that in the recipes [illegible]

The great superiority of this Extract over Sarsaparilla, &c., &c., is well known to many [illegible] and is derived from the following facts: First—It is not only recommended, but possesses of its virtues the Essence of

Sarsaparilla, Yellow Dock, Cherry and Sassafras Barks,

[illegible] Roots, Barks, and Vegetables,

The Peculiar properties of which are, [illegible] Second—It is a preparation of [illegible] Extracts, and never [illegible] Third—It is a preparation of [illegible] Fourth—It is a preparation of [illegible] Fifth—It is a preparation of [illegible] Sixth—It is a preparation of [illegible] Seventh—It is a preparation of [illegible] Eighth—It is a preparation of [illegible] Ninth—It is a preparation of [illegible] Tenth—It is a preparation of [illegible] Eleventh—It is a preparation of [illegible] Twelfth—It is a preparation of [illegible] Thirteenth—It is a preparation of [illegible] Fourteenth—It is a preparation of [illegible] Fifteenth—It is a preparation of [illegible] Sixteenth—It is a preparation of [illegible] Seventeenth—It is a preparation of [illegible] Eighteenth—It is a preparation of [illegible] Nineteenth—It is a preparation of [illegible] Twentieth—It is a preparation of [illegible] Twenty-first—It is a preparation of [illegible] Twenty-second—It is a preparation of [illegible] Twenty-third—It is a preparation of [illegible] Twenty-fourth—It is a preparation of [illegible] Twenty-fifth—It is a preparation of [illegible] Twenty-sixth—It is a preparation of [illegible] Twenty-seventh—It is a preparation of [illegible] Twenty-eighth—It is a preparation of [illegible] Twenty-ninth—It is a preparation of [illegible] Thirtieth—It is a preparation of [illegible] Thirty-first—It is a preparation of [illegible] Thirty-second—It is a preparation of [illegible] Thirty-third—It is a preparation of [illegible] Thirty-fourth—It is a preparation of [illegible] Thirty-fifth—It is a preparation of [illegible] Thirty-sixth—It is a preparation of [illegible] Thirty-seventh—It is a preparation of [illegible] Thirty-eighth—It is a preparation of [illegible] Thirty-ninth—It is a preparation of [illegible] Fortieth—It is a preparation of [illegible] Forty-first—It is a preparation of [illegible] Forty-second—It is a preparation of [illegible] Forty-third—It is a preparation of [illegible] Forty-fourth—It is a preparation of [illegible] Forty-fifth—It is a preparation of [illegible] Forty-sixth—It is a preparation of [illegible] Forty-seventh—It is a preparation of [illegible] Forty-eighth—It is a preparation of [illegible] Forty-ninth—It is a preparation of [illegible] Fiftieth—It is a preparation of [illegible] Fifty-first—It is a preparation of [illegible] Fifty-second—It is a preparation of [illegible] Fifty-third—It is a preparation of [illegible] Fifty-fourth—It is a preparation of [illegible] Fifty-fifth—It is a preparation of [illegible] Fifty-sixth—It is a preparation of [illegible] Fifty-seventh—It is a preparation of [illegible] Fifty-eighth—It is a preparation of [illegible] Fifty-ninth—It is a preparation of [illegible] Sixtieth—It is a preparation of [illegible] Sixty-first—It is a preparation of [illegible] Sixty-second—It is a preparation of [illegible] Sixty-third—It is a preparation of [illegible] Sixty-fourth—It is a preparation of [illegible] Sixty-fifth—It is a preparation of [illegible] Sixty-sixth—It is a preparation of [illegible] Sixty-seventh—It is a preparation of [illegible] Sixty-eighth—It is a preparation of [illegible] Sixty-ninth—It is a preparation of [illegible] Seventieth—It is a preparation of [illegible] Seventy-first—It is a preparation of [illegible] Seventy-second—It is a preparation of [illegible] Seventy-third—It is a preparation of [illegible] Seventy-fourth—It is a preparation of [illegible] Seventy-fifth—It is a preparation of [illegible] Seventy-sixth—It is a preparation of [illegible] Seventy-seventh—It is a preparation of [illegible] Seventy-eighth—It is a preparation of [illegible] Seventy-ninth—It is a preparation of [illegible] Eightieth—It is a preparation of [illegible] Eighty-first—It is a preparation of [illegible] Eighty-second—It is a preparation of [illegible] Eighty-third—It is a preparation of [illegible] Eighty-fourth—It is a preparation of [illegible] Eighty-fifth—It is a preparation of [illegible] Eighty-sixth—It is a preparation of [illegible] Eighty-seventh—It is a preparation of [illegible] Eighty-eighth—It is a preparation of [illegible] Eighty-ninth—It is a preparation of [illegible] Ninetieth—It is a preparation of [illegible] Ninety-first—It is a preparation of [illegible] Ninety-second—It is a preparation of [illegible] Ninety-third—It is a preparation of [illegible] Ninety-fourth—It is a preparation of [illegible] Ninety-fifth—It is a preparation of [illegible] Ninety-sixth—It is a preparation of [illegible] Ninety-seventh—It is a preparation of [illegible] Ninety-eighth—It is a preparation of [illegible] Ninety-ninth—It is a preparation of [illegible] One Hundredth—It is a preparation of [illegible]

ONE BOTTLE OF BRANDRETH'S PURIFYING EXTRACT
